THE TRANSIT BILL OF RIGHTS

Public Transit not only provides basic mobility for many in our community, it is also essential urban infrastructure – just like roads, bridges, tunnels and utilities – that is crucial to the economic, social and environmental wellbeing of our region.

We have a right to a public mass transit system that includes:

- 1 Safe, reliable, environmentally-sustainable and affordable transit that is accessible to all.
- 2 Living wages, benefits, safe working conditions, and union rights for transit workers
- 3 Dedicated and sustainable funding for public transit
- 4 Equitable distribution of transit costs with corporations paying their fair share
- 5 Transit that meets the needs of each community with no communities left out
